

## A service update from Wallace Travel Group

This year we celebrate 50 years in business, and we thought we had seen it all – then COVID 19 arrived and has put shockwaves to our industry, our country and the world.

At this time of great uncertainty we want to assure you we are here working busily, postponing and re-scheduling holidays, and working on new enquiries for later in the year. After 50 years in the travel & tourism business, we have learned to adapt and be resourceful. We are working with our suppliers to ensure our clients get the best possible solutions re. cancellation and deferral terms.

Needless to say we are all working remotely, here you will see some of us looking after our clients from our kitchen tables, home offices and living rooms!

We would like to reassure our customers, partners and suppliers, that we are here and holding strong. After 50 years in business and a decade of continued growth, we will weather this storm and look forward to working with you again to provide fantastic holidays, sports travel and business travel solutions.

During this unsettling time, we want to thank all frontline staff- doctors, nurses, an Garda Siochana, transportation, logistics, utilities and supermarket staff who are keeping the country safe & moving while we're in this uncertain time.

Stay safe. Stay at Home. Keep in touch on [info@wtg.ie](mailto:info@wtg.ie)
